No.. That's a good question.. No, I would not.. I think SpaceX, this is advanced entrepreneuring.. I can't tell you how many people have said that the fastest way to make a small fortune in the aerospace industry is to start with a large one so hopefully that doesn't work out.. I think space is a tough one for first-time entrepreneurs.. You're better off starting with something that requires low capital and space is a high-capital effort.. Sorry.. Last question?..
